

# Control Sciences Incorporated

## CSynchro/Resolver Converter Legacy Cross Reference Guide

Below, by manufacturer, is a listing of competitor's part number series' that we can supply direct pin-for-pin replacements for. The information presented here is believed to be accurate, but Control Sciences Inc. assumes no responsibility for errors or omissions. For any questions regarding compatibility or you need an alternate to a converter that is not in our Cross Reference Guide contact one of our application engineers.
